

March 5<sup>th</sup>, 2014

Dear Members of the Ontario Coalition for Sustainable Infrastructure (OCSI),

Recently the Canadian Network of Asset Managers (CNAM) and the Ontario Coalition for Sustainable Infrastructure (OCSI) have come together in a partnership expressed in a mutual understanding document. In the spirit of this new partnership, CNAM is pleased to extend our CNAM member registration rates to OCSI members exclusively for our 8<sup>th</sup> annual conference at the Toronto Convention Centre May 20 – 23, 2014. Not only will you receive a significant discount at the time of registration, you will have the benefit of membership in CNAM for the rest of the year. That means you will have access to CNAMpedia and other benefits exclusively for CNAM members.

CNAM 2014 is ready to “Move Plans to Action”. For the asset manager, the CNAM conference offers an exceptional professional development and networking opportunity. For the Industry, this annual gathering of forward-thinkers generates significant influence – CNAM is now THE professional development opportunity in Canada. CNAM is an integral part of asset management initiatives on local, regional, national and international levels. Infrastructure is at the core of Canadian quality of life and Asset Management Plans are continuing to emerge to assist in the sustainable management of infrastructure.
